Judy – Sorry for the delay, I am in Portland doing inspections this week. I wanted to let you know we have planned with odeq to go to bullseye on wed afternoon. Will you be at the public meeting? Paul, Zach and I are going (not as epa employees). Please contact me if you need anything regarding the congressionals or anything else. The best number to reach me while I'm here is Ex. 6 - Personal Privacy

I'll be back at my desk all day Friday.

Katie

Importance: High

Greetings - Here is the updated desk statement based on conversation from a call Cindy Schuster and I just had with a large group from HQ and region. Please let me know of any changes as soon as possible. We have two congressional inquiries pending. New from Friday is the question on why this is not a regulated source. - Judy
